PROJECT STRUCTURE

Date	14 Nov 2022
Project Name	Developing a Flight Delay Prediction Model using Machine learning
Team ID	PNT2022TMID37095
Team Lead	Akash N
Team Members	Akash A
	Akash N
	Balamurugan P

The project folder contains the following folders

- Flightdata.csv is the dataset used for training our model.
- Flight delay Flight_Delay.ipynb is the python file where the ML algorithm is applied to the dataset for testing and training. Finally, the model is saved for future use.
- Flight.pkl is the saved model used in the flask to predict theoutput instantly for the given inputs.
- To build a Flask Application, save HTML pages in the templates folder and a python script app.py for server-sidescripting.
